VITOR BARBOSA

Computer Engineering Masters Student at ISCTE

Born in 2001

Currently a Computer Engineering Master's student at ISCTE, driven by a passion for technology and a desire to grow through challenges. I'm committed to learning and turning obstacles into opportunities for expanding my skills.

ABOUT ME

I'm a curious learner diving into the world of coding and tech.

My journey has led me to explore various programming languages, tools, and frameworks, focusing on building impactful projects.

HOBBIES

EDUCATION

ISCTE IUL
Instituto Universitário de Lisboa
Lisbon University Institute

SEP 2024 - NOW

MASTERS DEGREE, COMPUTER ENGINEERING
Focused on Machine Learning, Advanced Programming, and Information Systems Security. This program is enhancing my ability to design intelligent systems and implement secure, scalable technologies.

ISCTE IUL
Instituto Universitário de Lisboa
Lisbon University Institute

SEP 2021 - JUL 2024

BACHELORS DEGREE, COMPUTER ENGINEERING
Gained experience in programming languages like Java, Python, and SQL. Covered software engineering, algorithms, databases, and computer networks, providing a solid foundation for solving technical challenges and developing dynamic applications.

GRACOM
School of Visual Effects

APR 2016 - NOV 2016

GRAPHIC DESIGN COURSE
Enhancing my proficiency in Adobe Photoshop and Illustrator which complements my technical abilities with creative problem-solving.

WORK EXPERIENCE

CGD
Caixa Geral de Depósitos
2025 - NOW

Full Stack Developer
Work on an internal application used across CGD branches, Contributing to both backend and frontend development in C#. Primarily develop new features, while also supporting the maintenance of existing systems, with a strong focus on code quality, performance, security, and continuous delivery in a regulated financial environment.

SUCCESS WORK
Agência de empregos temporários
2023 - 2024

Waiter
Working in top establishments in Lisbon, such as SUD Lisboa, I refined my customer service skills, consistently providing high-quality service to demanding clients. It further sharpeÅ ned my ability to deliver excellent service in fast-paced, upscale environments.

AUCHAN
Retail Portugal
2019 - 2020

Supermarket Operator
Developed strong teamwork abilities by collaborating closely with colleagues to ensure efficient operations.
Followed directives while maintaining a critical perspective to optimize processes. Additionally, my role enhanced my customer service skills.
